A REPORT OF INTERIM ACTIVITY . . . MONTANA LEGISLATIVE COUNCIL . . . HELENA

STATE DOCUMENTS COLLECTION

DECEMBER 1980

VOL. III, No. 1

MONTANA STATE LIBRARY
930 E Lyndale Ave.
Helena, Montana 59601

This issue inaugurates the third volume of the Interim. We welcome those of you who are our new readers. We hope that those of you who have read us before welcome us back.

To kick things off, we should mention what we will try to accomplish with the newsletter. The Interim is designed to be a source of information for Montana Legislators regarding interim activities of the Legislature. We will gather in one place once each month a concise report of the activities of Interim Committees and other legislative organizations during the previous month. A calendar and announcements of meetings scheduled during the two months following publication is also included. The Interim is also used to inform you of administrative matters of interest to you. (A change in insurance benefits for which Legislators may be eligible would be an example.) We try to include anything that is important for you to know about what is happening in the Legislature.

To keep the newsletter as short and readable as possible, we do not include great detail in the reports. If you wish to know more about some topic, please write or call the Legislative agency involved. We are all here to serve you, and we want to hear from you.

If you have any comments about this newsletter, please let us know. The Interim is edited by Bob Person, Research Director, Legislative Council.

The Interim will be published so as to arrive on or about the first Monday of each month.

STUDIES DESIGNATED

The Legislative Council met May 8 to designate the studies to be conducted and the committees from which the subcommittees are to be chosen. Senate members for the subcommittees are to be selected by the Committee on Committees the day after this issue is mailed. The House members will also be selected soon by the Speaker. A list of committees designated by the Council is included below. In addition to the studies listed, the Council requested that the Legislative Finance Committee conduct the study of the financing of public education rated priority 5 and that the Environmental Quality Council conduct the study of the ways to mitigate the effects of hard rock mineral development rated priority 10. The Council will await the outcome of these requests and may then designate further interim work to be done.

NCSL DELEGATES
APPOINTED

MEETING

As with the CSG, the Legislative Council has designated delegates to a number of NSCL committees. These appointments are listed below. NCSL meetings are held throughout the year. The Annual Meeting this year is set for July 27 through 31 in Atlanta, Georgia. Delegates planning to attend the annual meeting should try to make plans as early as possible to get the best possible fare. The cost to fly to Atlanta from Montana is staggering. The NCSL travel budget can stand only so much strain! In fact, if all delegates were to attend without economizing, the entire biennial budget could be exhausted by this annual meeting alone.

NCSL/CSG DELEGATE REPORTS

REPORTS
REQUESTED

NCSL and CSG delegates are requested to send reports of business transacted at meetings of their committees to the INTERIM. We will publish what we can of the reports you send. This should be an ideal way for you to share the results of your work with your colleagues. Try to keep the report concise.

DIRECTORY OF INTERIM COMMITTEES

INTERIM
DIRECTORY
AVAILABLE
IN JUNE

As soon as the members of the interim subcommittees have been appointed, the Legislative Council will publish a Directory of Interim Committees. This publication will be provided to all members of the Legislature and will tell what the committees are, what they are to do, what their authority is, and who the members are, and who the staff contact is. Watch for this publication and plan to keep it handy.

SESSION WRAP UP

GOVERNOR
FINISHES
SIGNING BILLS

The final bill signed by the Governor was delivered to the Secretary of State on May 21, making a total of 617 chapters (compared to 713 chapters in 1979). This figure does not include appropriation bills or resolutions.

LEGISLATIVE
REVIEW TO BE
PUBLISHED SOON

The Legislative Review, which gives a summary of each bill passed and contains an updated index, is scheduled to go to the printer on June 9. A Review will be mailed to each Code Subscriber and to each Legislator as soon as they arrive from the printer.

SESSION LAWS	<u>Session Laws.</u> The Session Laws should be available for distribution in July. The cost is not yet known.
MONTANA CODE ANNOTATED	<u>Code.</u> The Montana Code Annotated (statute text) will be printed by a Dubuque, Iowa firm. It will consist of 10 volumes rather than 16 as in 1979. Legislative Council staff are working to prepare amendment notes and other compiler's comments early enough that the Code can be published before October 1, the automatic effective date of the laws. The date was changed from July 1. However, it should be noted that there were 190 bills passed with special effective dates - many of them upon passage and approval. The <u>Legislative Review</u> will contain a list of bills with <u>special effective dates.</u>

ADMINISTRATIVE CODE COMMITTEE

COMMITTEE MEETINGS SINCE JANUARY REVIEWED	The Committee met three times during the 47th Legislative Session and reviewed a total of approximately 80 notices of rulemaking action filed with the Secretary of State since January 1, 1981. At these meetings, the Committee heard a request by the League of Cities and Towns for an economic impact statement on certain rules proposed by the Public Service Commission. The Committee also requested the Department of Lands to reconsider a proposal to adopt rules regulating the leasing of cabin sites on state lands. At future meetings, in addition to the continuing review of administrative rules proposed by executive agencies, the Committee will be discussing proposals for new legislation regarding administrative rulemaking and studying those areas of the law mandating implementation by administrative rules.
FUTURE PLANS	
MAILING LISTS	Legislators or their constituents wishing to receive regular notice of Committee meetings may contact the Legislative Council staff offices and request to be put on the Committee's list of interested persons. The Committee has tentative plans to meet next in mid June.

LEGISLATIVE AUDIT COMMITTEE

CONTRACT
AUDITS

The Committee will review the bids received for contract audits and select firms. The Legislative Branch audit will be contracted at that time.
